

The Soap Box (vol.19) February 2003

Why don't we all just pool our money and buy the Ottawa Senators.

From Dirty Steve:

Black Guy In a White Jersey update: Big 'Re-Run' lookin", mofo, pick in the afro etc . . . wearing a Peja Stojakovic jersey.

Also a Lame White Guy in a Black Guy jersey: Big fat guy with bleach blonde hair wearing a Plaxico Burrese jersey.

This from me: Black Guy in a white jersey: Saw a black guy in Sac wearing an Ed McCaffrey Broncos jersey.

Also caught the new Jay-Z video and I swear one of the guys is wearing a vintage, SF Giants Jack Clark jersey.

Anna Kournikova has a new tattoo! . . . who gives a rats ass?

I saw this fucking show on TV the other day . . . The View? With Dick Clark, Danny Bonaduce, Mario Lopez and some black guy, I don't know his name, I think it might have been Gary Coleman. But they get all sensitive and have different takes and , well I think it's the answer to that Ladies show with Barbara Walters etc. . . . what the fuck?

I might watch it if it had a panel of Howard Stern, Larry Flynt, Kid Rock and Chris Rock . . . and still then, only if it was on HBO.

Could someone please just hit Tim Haraway over the head with a rock. He is on ESPN's 'pre game or post game or half time' or whatever, but he gives Ebonics a bad name. He makes freakin' Magic Johnson look like John F. Kennedy.

How is Kenny Stabler NOT in the Hall of Fame?

One good thing about the NBA on ESPN, they have Brent Musburger doing games. Brent Musburger's voice is almost as soothing and comforting as my own mother's. I mean I grew up with:

"You're looking live at Veteran's Stadium . . ."

A little Soap Box Trivia: The player with the most home runs who isn't in the Hall of Fame: Dave Kingman

The running back who has the most career rushing yards who isn't in the Hall of Fame: Ottis Anderson.

I saw Hef on cribs . . . I'm just wondering how much he sold his soul for.

Then again, with inflation the Maloof Brothers must have been charged triple for theirs.

Until next time . . .
