

The Soap Box (vol.26)

October 2003

I'm so glad my dreams of a Yankees-Marlins World Series finally came true.

Why don't the A's hire Dusty Baker just to guarantee that they'll never figure out how to close out a series.

I was at the Cubs game the other day and this foul ball came right to me, but Moises Alou was running over and . . .

So I saw this trailer for the new, holiday, chick-flick starring Hugh Grant . . . what's with these movies? I mean, there were those horrible Tom Hanks-Meg Ryan films, but now they keep putting out this Hugh Grant-Kate Hudson romantic comedies and, I mean well fuck? Do people really keep going to these things? Do they even change the script? I think Pitman's ex-wife is the only one who I've ever met that likes those things . . . notice I said 'ex' wife.

I saw that The Rocket, Roger Clemens is going to hang it up after this year. Well, that's one of those guys that I'm really going to miss. A hard nosed, old school guy. One of the best Wiffle Ball pitchers I ever saw or faced, Danny Cryan used to love the Rocket. He wore 21, his e-mail address used to be RocketKK or something like that . . . well here is a tip of the cap to two pitchers I could never hit.

Thanks Rocket . . . up yours Cryan.

Is Jessica Simpson the dumbest bitch on TV? Hell, not even on TV, she might be the dumbest chick anywhere. I don't care what you look like . . . it don't make it right.

I saw one of those E! Hollywood Stories and they cut to Fred 'Rerun' Berry for a quote, and it just made me picture Vincent "Big Pussy" Pastore being cut to at some point in the future.

I guess some guys just get 'pigeon holed' . . . some day they'll cut to Scott 'Prick' Martin.

I saw this magazine at the newsstand the other day: Fish Sniffer. And as I was just about to buy it to add it to my friend Dirty Steve's porn collection, I realized it was an actual fishing mag.

Got New Slogan?

Getting back to baseball . . . I know everyone was rooting for the Cubs, hell even I was, but finally after the Marlins kept coming back, I was thinking, "You know what, good for them. Everyone in the World was rooting for the Cubs and the Marlins could give a shit." I like that.

Tommy Chong does jail time for selling bong on the internet. What the fuck? Geezus, child molesters, rapists, murderers and they want to fuck with Tommy Chong for selling bong.

Black guy in a white jersey update: I saw this linebacker of a black guy in this 13 NY Giants jersey and I'm thinking, who in the hell is 13 on the Giants? To the point where I had to walk behind him to find out and it reads: Kanell. Danny Kanell? Hell, I don't think Danny's parents even have a Danny Kanell jersey.

This just in: Danny Kanell is the new starter in Denver.

Cubs vs Red Sox? HAHAHAHAHAHAHAAAA, yeah right.

You know what pisses me off: How come there isn't any prizes in cereal anymore? I'm gonna start a cereal called Prize Cereal and give away cool shit in it, like when we were kids. You know: compass, Buck knives, decoder rings . . .that kind of shit.

I'll bet my Governor can kick your Governor's ass. (not you Minnesota)

Speaking of Govenor Terminator, is this the society we live in. I mean maybe it's the aftershocks of 9/11, but I guess as voters we want tough mofo's in office. We have a gunslinger for a President and a Terminator for a Governor, now I just hope Rocky (Stallone) runs for Mayor of my town and I'll sleep like a baby.

Hey, good for Danny Kanell.

Until next time . . .

-SEM
